

The Grow Together Allotment Volunteering Days

Established in 2016, this 20 pole area is located within the Berrywood Rd allotments.

The project aims to engage people of all ages and abilities in gardening; we offer opportunities to meet new people, spend time outside and share and learn new skills. A great way to help improve your mental & physical wellbeing

We are very proud of our achievements, winning Gold at the Northampton in Bloom awards. We'd love you to join us to help continue our success. Whether for all or part of the session we need to know you are coming so please contact Jenny: Jenny@cypn.org or Alison 01604 379495 to register or to get more info
